

K-LOVE serves me as a resident of Dublin by providing positive music and encouraging messages to live by. If K-LOVE were to be replaced by an LPFM broadcast, the impact would be very disappointing because the material K-LOVE already broadcasts is exactly why I listen to them. I am blessed by the music, Family minute by Focus On the Family, and other messages given by them. By adding LPFM it would interfere with the 24-hour blessings received by K-LOVE's broadcasts. The service provided by K-LOVE is in the public interest because this country was created having a faith in the one and only God, our Lord Jesus Christ. His love is definitely spread and encouraged by the music and message broadcasted by K-LOVE. Please do not do anything to change what they are doing. Do not add or take away from any of their work. Not only do thousands of listeners depend on the uplifting music and messages, but our country needs more stations like K-LOVE to spread the message and get more people doing good things for the right reasons. The messages K-LOVE send have a direct impact on influencing good citizens to do good things in the community and for the betterment of our country.
